Cheerful Zodiac

Game Abstract:

Celebrate the lunar new year with Cheerful Zodiac, a festive slot featuring explosive cascading wins! In this Chinese New Year adventure, winning symbols burst like firecrackers, allowing golden statues of the zodiac to tumble into place for consecutive payouts. Witness the Paper Dragon Wild expand across entire reels to award random multipliers of up to 4x. Strike the festival drums to trigger Free Spins where the luck of the zodiac pays in both directions!

Game features

When FREE SPIN symbols fill reels 2, 3 and 4, the Free Spins Feature will be triggered. During the Free Spins, lines play BOTH ways! 9 Free Spins are given.

When a Wild fills the whole reel, your winnings for the current spin are multiplied by x1/x2/x3/x4 randomly. A Wild replaces any symbols except the Free Spins symbol.

Every winning spin destroys all the symbols from the winning combination and triggers an additional Respin.
