Game features

Each cascade fills a progress bar meter for that spin. 4 or more cascades will win the free spin feature.

At the start of the free spin feature a wheel is spun to determine the symbol that will be held when it appears during the free spins.

Free Spins +1 symbols in the free spins that award an extra free spin when they appear

3 or more bonus symbol trigger the "Hold and Re-spin feature".

During the hold and respin each prize will have a color. If a multiplier symbol appears of the same color as a prize it will multiply those prizes.

A grand Jackpot can be won when all positions in the hold and respin feature are filled.
