

Xmas Chores

Game Abstract:

Step into a cozy winter wonderland with Xmas Chores, where every spin brings you closer to the ultimate holiday gift. Master the unique Socks Mechanic in the base game, where matching Blue and Red socks unlock explosive payouts and massive multipliers across a specialized 4-3-3-3-4 grid. Journey into the Free Spins to collect special Candy icons that build and upgrade permanent frames, which eventually transform into tiered gifts on your very last spin. With Santa himself ready to swap your hard-earned gifts for coins or a Grand Jackpot, this is one holiday adventure you won't want to miss!

Game features

The 1st reel is bigger than usual and has the Blue Sock Special symbol with a payout. The 5th is also bigger and has the Red Sock Special symbol with a multiplier. If at least a single Blue Sock and Red Sock appear on the reels, a multiplier applies to a payout, and you receive the prize. If there are few Red Sock simultaneously, then all the multipliers apply to each Blue Sock payout.

The Free Spins start when three Free Spins symbols appear on the 2nd, 3rd, and 4th reels.

During the Free Spins, the Candy Special symbols leave a frame when appearing in the empty cell. The Frame has three levels and levels up when the Candy Special appears in it. On the last spin, all the Frames turn into gifts depending on the Frame's level. Santa grabs the Gifts and leaves the rewards: coins or the Jackpot symbols.
